- Main unit depth: 216 mm
- Packaging width: 370 mm
- Main unit height: 233 mm
- Packaging height: 270 mm
- Main unit width: 148 mm
- Packaging depth: 326 mm

Highlights

Dynamic Bass Boost
Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
